2012-02 and 2012-03 Inter-RIR Transfers And Lengthening the Justification Period to 24 Months

Sandra Brown
IPv4 Market Group

What did the IPv4 Address say when it walked into the bar?

Purpose Of 2012-02

"Quick give me a drink I'm exhausted"

- Allow transfer of IPv4 addresses to / from other RIR's
- Supplement the pool of IPv4 addresses available to the RIPE region
- Provide access to IPv4 addresses should companies in the RIPE service region need them
- Ensure the RIPE IPv4 database accurately reflects IPv4 transfers

IP v4 Market Group

Purpose Of 2012-03

- Extend the time period for justification of need from 3 months to 24 months for both intra- and inter- RIR transfers

IPv**4** Market Group

Body of Proposals

Transferring To RIPE:

- Originating Organization in Compliance with Originating Policy and Originating RIR has an Inter-RIR Policy

- Destination Organization in Compliance with Destination Policy and Qualified to Receive IPv4 Addresses

Transferring From RIPE:

- Originating Organization in Compliance with Originating Policy

- Destination Organization in Compliance with Destination Policy and Destination RIR has an Inter-RIR Policy

Feedback Received

- Should it apply to LIR's or to all "Organizations"

- Alignment of time periods across regions: APNIC has a policy under development to move from 12 to 24 months

IP**v4** Market Group

Path Forward

- 4 week discussion

- Approximately 3 months to implementation if all goes smoothly
