New Structure

AFRINIC at Glance

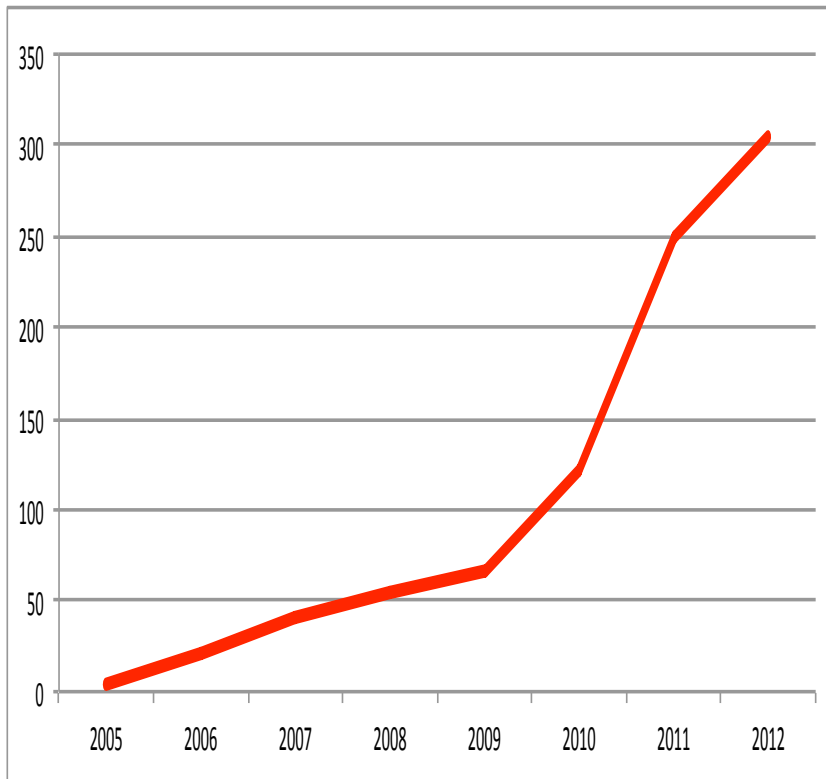

- **33 full time staff** (11 join in 2012)
- **2,935,293 /32** IPv4 allocated in 2012
- Still **have 4.14** (including ERX space)
- **98 New members** in 2012 making our total membership **to 1,248**
- **15 training** in 2012 (in 14 countries)
- **66 new IPv6** prefixes allocated (100%+ growth in IPv6 Allocations)
- **5 New Policies** under discussion

Policies under discussion

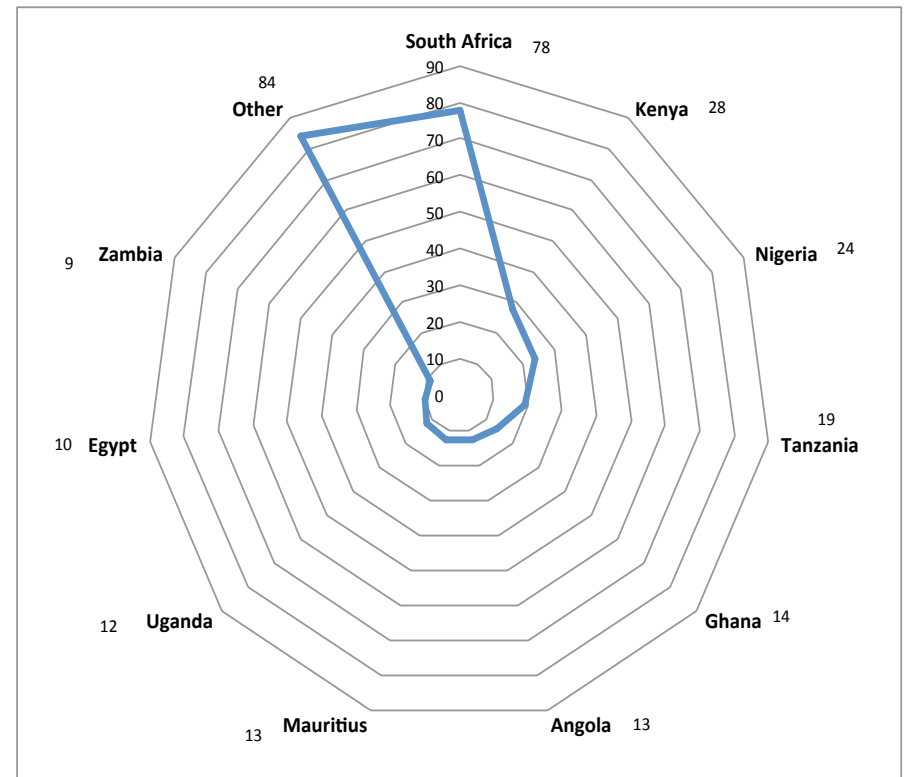

Proposal	Status
Definition of “Core DNS Service Provider”	Under Discussion
Privacy For Regional Internet Registry	Under discussion
Anycast Assignment Policy in AFRINIC region	Under discussion
No Reverse unless prefix is assigned	Under Discussion
AFRINIC Database Cleanup	Under Discussion

IPv6 Allocation Growth

IPv6 Allocation Trend in Africa (/32)

Top 10 Leading Countries

Improving Members Value

- Consolidation of **member services**
- Launching our first **Member survey** next week.
- Improve efficiency of **membership request** and first **allocation process**.
 - Full integration of our Billing system and MyAFRINIC portal.
 - Improve programmatic evaluation of requests for faster decision making by HM

Related Engineering Projects

- **RPKI:** Continue working on our RPKI service.
- **DNSsec:** Sign all our zone and also now provide the service to our members
- **DNS Anycast** service for our infrastructure and ccTLDs: More than 10 ccTLDs using the service now (few still waiting for update at IANA level)
- **e-voting** platform deployment and Integration to MyAFRINIC
- Transitioning to a full **Virtualized** Infrastructure
- Integrating all these into **MyAFRINIC** portal

Communication & Outreach

- New Logo
- New web site
- New Meeting Management tool
- Join the wave of Social Media use for outreach

AWARDS application open from 18th September to 19th October 2012

Join us as a sponsor

The FIRE programme offers the possibility for other interested parties to join in according to their budget. The FIRE programme trusts that opening so many different ways to help will allow a higher number of initiatives to be supported per funding cycle, as well as continue offering capacity building mechanisms such as mentoring, technical workshops and in-depth publications to the selected recipients. [more](#)

Awards
[More Info](#)

The FIRE Awards will be granted to initiatives that are on the last stages of implementation or that have finalized activities already that are aligned with the funding categories and eligibility criteria. Awards will be up to USD 3,000. Innovation and development should be an integral part of all award nominations.

Grants
[More Info](#)

Grants will be provided to support

FIRE programme joins international innovation alliance

The Seed Alliance is a joint initiative of [ISIF.asia](#), [FRIDA](#) and [FIRE programme](#) with generous support from [IDRC](#) to promote innovation and support Internet Development on a wider scale.
